

MECHANICAL ENGINEER

Internship Program

Unlock Your Potential with Real-World Experience!

ABOUT US:

At Precision Industrial Contractors, Inc., we specialize in industrial construction and maintenance services. Our team of experienced professionals provide quality craftsmanship and attention to detail on every project. We have a wide range of services, including fabrication, installation, repair, and maintenance of industrial equipment; installation and repair of mechanical systems; electrical and instrumentation system installation and repair; and installation, repair, and maintenance of process piping systems. We offer a variety of solutions to our clients that are cost-effective, safe, and compliant with all applicable codes and regulations.

Precision Industrial Contractors, Inc. (PIC) interns have a unique educational opportunity to gain exposure to multiple engineering disciplines, such as Mechanical, Electrical, Automation & Controls, Civil, and Structural. Interns will have the opportunity to learn from and collaborate with diverse multidiscipline teams of Project Managers, Engineers, Designers, and Drafters on a variety of industrial engineering projects. Bring your innovation and curiosity to this exciting internship opportunity!
